Subject: # Mathematica Online as a learning and teaching tool

Good Day

How to connect and use Mathematica online.

- 1) Please use this link to gain access to Mathematica Online

<https://user.wolfram.com/portal/requestAK/eea704c0c550b992c07a85eafa187c6af6a6fea9>

- 2) Attached is a pdf document with step-by-step instructions

- 3) Please explore the following links:

If you want to see how Mathematica is used in your field:

<https://www.wolfram.com/solutions/>

Search for ready made demonstration material:

<http://demonstrations.wolfram.com>

See how Mathematica is used in the Australian School system: (you can also download material)

<https://fuse.education.vic.gov.au/Search/Results?AssociatedPackageId=&QueryText=Mathematica&SearchScope=All>

If you are interested in Applied Science/Engineering they also have this:

<https://fuse.education.vic.gov.au/Resource/LandingPage?ObjectId=cf358d8e-a4b4-4c33-bd1d-2432a86882c2&SearchScope=All>

Finally there is a wealth of open courseware material available:

<https://www.wolfram.com/wolfram-u/>
