

Faculty of Engineering, the Built Environment and Technology (EBET)

Combination of mask-to-mask **on campus and online**, with some being **fully online**

Undergraduate Programmes

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
10040	BAS	First years only	Yes, students back from 15 March for Semester 1
		All excluding first years	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
10150	AdvDip (Architectural Design)	ALL	Yes, students back from 15 March for Semester 1
10151	AdvDip (Architectural Technology)	ALL	Yes, students back from 15 March for Semester 1
10570	AdvDip (Interior Design)	ALL	Yes, students back from 15 March for Semester 1
1252	Dip (Architectural Technology)	First years only	Yes, students back from 15 March for Semester 1
		All excluding first years	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
1552	Dip (Interior Design)	First years only	Yes, students back from 15 March for Semester 1
		All excluding first years	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3224	Dip (Information Tech: Software Dev)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
3227	Dip (Information Tech: Comm Networks)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3228	Dip (Information Tech: Support Serv)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3262	Dip (Building)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
3323	Dip (Engineering: Civil)	Final years only	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3366	Dip (Engineering: Electrical) P1 and P2 Only in 2021	Final years only	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3369	Dip (Engineering : Electrical) Extended P1 and P2 in 2021	Final years only	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3584	Dip (Operations Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3706	Dip (Engineering: Industrial)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
3718	Dip (Engineering: Mechanical)	Final years only	Yes, students back from 15 March for Semester 1
4206	BTech (Information Tech: Software Dev)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4213	BTech (Information Tech: Comm Networks)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4261	BTech (Quantity Surveying)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4281	BTech (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
4333	BTech (Eng: Civil: Transportation Eng)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4335	BTech (Eng: Civil: Urban Engineering)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4365	BTech (Eng: Electrical)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
45603	BSc (Construction Studies)	First years only	Yes, students back from 15 March for Semester 1
		Second years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		Third years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4584	BTech (Operations Management)		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47002 (no new intake)	BSc (Construction Economics)	First years only	Yes, students back from 15 March for Semester 1
		Second years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
47002 (no new intake)	BSc (Construction Economics)	Third years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4702	BTech (Eng: Industrial)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
4712	BTech (Eng: Mechanical)	Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
4712	BTech (Eng: Mechanical)	Final years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4722	BEng (Mechatronics)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
4731	BTech (Quality Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
70003	HCert (IT) (User Support Services)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	HCert (IT) (User Support Services)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
70005	HCert (Mechatronic Engineering)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71000	Bachelor (Human Settlement Development)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71010	BEngTech (Civil Engineering)	First years only	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71010	BEngTech (Civil Engineering)	Second years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71010	BEngTech (Civil Engineering)	Third years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71020	BEngTech (Electrical Engineering)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71030	BEngTech (Industrial Engineering)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
71040	BEngTech (Mechanical Engineering)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71050	BSc (Construction Studies)	First years only	Yes, students back from 15 March for Semester 1
		Second years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		Third years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71055	BEng (Mechatronics)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71060	BEngTech (Marine)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71500	AdvDip (Quality Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71510	AdvDip (Operations Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71511	AdvDip (Information Technology)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
71520	AdvDip (Construction Management)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
71530	AdvDip (Quantity Surveying)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
72001	BIT	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
72020	BSc (Construction Economics)	First years only	Yes, students back from 15 March for Semester 1
		Second years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		Third years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
72021	BSc (Const. Econ: Quant.Surv. Fin&Bus Mgt)	First years only	Yes, students back from 15 March for Semester 1
		Second years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
		Third years only	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
7224	Dip (Information Tech: Software Dev)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
7226	Dip (Building)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
7227	Dip (Information Tech: Comm Networks)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
7228	Dip (Information Tech: Support Serv)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
7755	Dip (Operations Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
70007	HCert (Renewable Energy Engineering)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments

## Postgraduate Programmes

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
11068	BAS (Hons)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
73520	BEng Tech Hons (Electrical Engineering)	ALL	Yes, students back from 15 March for Semester 1
73545	BEng Tech (Hons) (Mechanical Engineering)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
15070	MArch	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
16505	PhD (Architecture)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	PhD (Architecture)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
43002	MArch (Professional Coursework)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
45601	BScHons (Construction Management)	ALL	Yes, students back from 15 March for Semester 1
47003	BScHons (Quantity Surveying)	Final years only	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47101	MSc (Construction Economics)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	MSc (Construction Economics)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47600	MSc (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47650	MSc (Built Env: Facilities Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47651	MSc (Built Env: Property Econ & Valuation)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47652	MSc (Built Env: Project Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47653	MSc (Built Env: Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
47654	MSc (Built Env) Constr H&S Management	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
47700	PhD (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
73003	BScHons (Quantity Surveying)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
73004	BScHons (Quantity Surveying)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
73540	BScHons (Construction Management)	ALL	Yes, students back from 15 March for Semester 1
75010	MSc (Construction Economics)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	MSc (Construction Economics)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75011	MSc (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	MSc (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75020	MSc (Built Env: Facilities Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75021	MSc (Built Env: Property Econ & Valuation)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75022	MSc (Built Env: Project Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75023	MSc (Built Env: Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75024	MSc (Built Env) Constr H&S Management	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75050	MPhil (Information Technology Governance)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75052	MIT	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	MIT	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
75053	Master (Operations Management)		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)

Qual Code	Qualification Name	Year	Should students be on campus at the start of the 2021 academic year?
75055	MEng (Mechatronics)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
	MEng (Mechatronics)	ALL	Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
75058	MEng (Electrical)	ALL	Yes, students back from 15 March for Semester 1
	MEng (Electrical)	ALL	Yes, students back from 15 March for Semester 1
75059	MEng (Mechanical)	ALL	Yes, students back from 15 March for Semester 1
	MEng (Mechanical)	ALL	Yes, students back from 15 March for Semester 1
75060	MEng (Industrial)	ALL	Yes, students back from 15 March for Semester 1
76001	PhD (Information Technology)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
76002	PhD Engineering (Mechatronics)		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
	PhD Engineering (Mechatronics)		Choice: on campus to use resources for online LT, do practicals and M2M assessments OR come to campus only for block release practicals and some M2M assessments
76003	PhD (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	PhD (Construction Management)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
76004	PhD (Construction Economics)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	PhD (Construction Economics)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
76005	PhD (Information Technology)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
	PhD (Information Technology)	ALL	No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
76008	PhD (Operations Management)		No, fully online LT and assessments for Semester 1 - must meet requirements (computer, connectivity, data)
76010	PhD Engineering (Mechanical)	ALL	Yes, students back from 15 March for Semester 1
	PhD Engineering (Mechanical)	ALL	Yes, students back from 15 March for Semester 1
