

SOUTH AFRICAN VACCINE FAST FACTS

WHAT IS THE COVID-19 VACCINE?

- This is a new vaccine that helps the body to fight the COVID-19 virus.
- It works in the same way that the many other vaccines do.
- It helps the body recognise this new sickness. It then prepares the body to fight the virus, so we do not get sick.

Wear it when you
go out

Try not to touch it

Wash it every 2 days

Make sure it covers
nose & mouth
